

PROCESS FLOW FOR GENERATING A LETTER OF GOOD STANDING

CF registered employers in good standing in terms of COID Act can now generate Letter of Good Standing online.

To be in good standing with the fund, CF registered employer's return of earnings & payments must be up to date. And of course, penalties are incurred on late payment and interests are also charged on revolving balance.

The letter of good standing can only be issued once in a year or monthly, depending on special arrangements made with the Fund and it is now automated.

Please use the same Username & Password as the one used when submitting return of earnings. You can use the 9900000.... number on the CF registration number to link your company.

NB: The letter of good standing can be validated using the certificate number.

Please visit <https://cfonline.labour.gov.za/OnlineSubmissions/> for more information on how you can easily generate your letter of good standing.
